

PFYouth FAF SCHEDULE INFO

Final Schedule as of 04.18.19

Each entry has been allowed the allotted time as stated by the National Fine Art rules. You must be present at the time your name is called to be eligible to participate.

We have nearly 1,800 students participating in over 1,700 entries.

*Because of the amount of entries, mistakes happen in the data entry process. If you believe that something has inadvertently been **left off** of the schedule, or you see an **error**, please **EMAIL** the PFYouth Office at youth@penflorida.org with all of the specifics. We will get back to you as soon as we are able to do so.*

No-shows or dropped entries will be handled at the Registration Check-In Desk at the Festival.

All individual time conflicts have been tediously worked out.

- *Missing seeing your friend in a human video is **not** a conflict*
- *Your preference of the time of day you're scheduled to perform is **not** a conflict*
- *Having two students presenting at the same time from the same youth ministry or family is **not** a conflict for this Festival*
- We are aware that some conflicts will arise if a room gets behind schedule. We can only reschedule conflicts that pertain to categories overlapping less than 8 minutes. As you look at the approximate times of your entries and see that you may have to be in two places at one time, check with the *Conflict Resolution* desk at the Festival for a conflict card to be given to the emcee in the room of the presentation. You will be given a time at the end of that division for your entry or you will fill in a vacant time slot.
- No changes will be made for an entry outside of that division's time frame.

We will answer Fine Arts questions via EMAIL only: youth@penflorida.org.
